~~~~~  
**NV San Osvaldo Raboso**  
*Frizzante Veneto IGT*  
~~~~~

North central Italy is one of the few places on earth where sparkling wine is made expressly for drinking with the evening meal. Most are red, most lower in alcohol, most dry to lightly sweet and most gentle in their bubbles. This frizzante comes from the red Raboso grape, and it is lightly fruity with a gentle rasp of acidity that makes it perfect to drink with pasta or pizza. At less than **\$15**, it's a steal.
